

Lunch Account Balances

At the end of the school year, this is what will happen with your students' lunch account balance:

- Seniors: Your lunch account balance will be applied to your students account. If this creates a credit balance, a reimbursement check will be cut and mailed to you for the credit balance of your students account by June 30.
- Juniors, sophomore, and freshman: Your balance will be carried forward and remain on your student's card and will be ready to use for the following school year.

Please call the business office at 608-257-1023, ext. 124, with questions.
